[Company Name]
Reduces Methane
Emissions Through
the Natural Gas
STAR Program.

OPTION 1 - [Company name] has been a partner in the U.S. Environmental Protection Agency's Natural Gas STAR Program for [Number] years. **OPTION 2 - [Company name]** is a charter partner in the U.S. Environmental Protection Agency's Natural Gas STAR Program. This voluntary program encourages companies to adopt cost-effective technologies and practices that improve operational efficiency while reducing methane emissions. Methane, the main component of natural gas, is considered to be a greenhouse gas.

[Company name] is committed to protecting the environment while [producing/processing/transmitting/distributing] natural gas. Since joining the GAS STAR Program in [Year], [Company name] has reduced methane emissions by a total of [XX] million cubic feet—the equivalent of removing [XX] cars from the nation's roads for one year. {Note: 1 billion cubic foot reduction = 81,818 cars.} [Company name] accomplished this by implementing a wide variety of practices recommended by the Natural Gas STAR Program, as well as other practices identified by company personnel.

We will continue to apply these and other measures in the future to achieve even greater reductions. In doing so, we continue our record of applying proactive, market-based solutions to environmental challenges such as global climate change.

For information about our other environmental initiatives, go to www.xxxxxx.com/xxxxxx. For more information about Natural Gas STAR, visit the Program's Web site at www.epa.gov/gasstar.
